LESSONS
LEARNT

Phase 1: Introductory discussion

Objective/s	Methodology	Outcome/s
To present the scenario and the objectives of this interaction in sub-group	<p>The assigned facilitators chair an introductory discussion to ensure that the participants know each other and assigned to the sub-group has the scenario clear: highlight the main lessons learned from the experienced natural disaster/s and "After-Action Review", underlining if and how they can be scalable to other countries.</p> 	<ul style="list-style-type: none">– Scenario understood– Objectives of this interaction in sub-group shared <p>Duration</p>  <p>10'</p>

Phase 2: Silent reflection

Objective	Methodology	Outcome/s
To reflect on the proposed scenario	<p>The facilitators give a few minutes to think about the issue (Own time). They ask the sub-group members to write down - on a note pad - the <u>three</u> most relevant lessons learned from the experienced natural disaster/s and "After-Action Review" experienced (if any), underlining if and how they are scalable to other countries.</p> 	<p>Feedback from everyone prepared</p> <h2 data-bbox="1354 682 1846 775">Duration</h2>  <p data-bbox="1551 1182 1649 1279">5'</p>

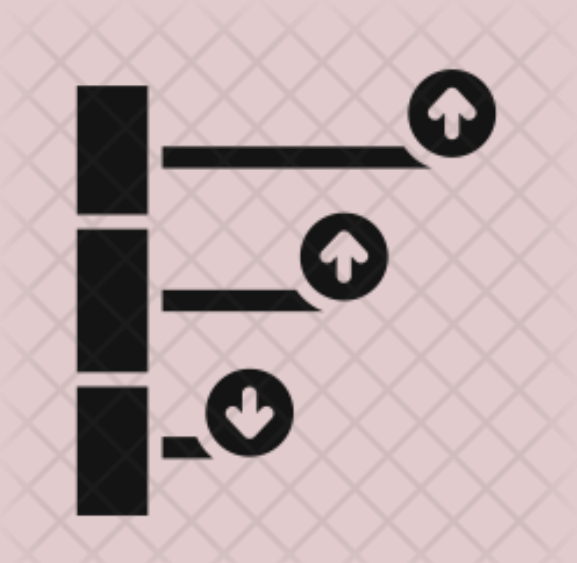

Phase 3: Think-pair sharing

Objective/s	Methodology	Outcome/s
<p>To share ideas with neighbour before moving into a group discussion phase</p>	<p>Each participant pairs with another one. Each pair discusses about the personal feedback to the silent reflection.</p> <p>The facilitators invite pairs to write the most relevant information/experiences using cards. The facilitators fix the collected cards on a flip chart.</p> 	<p>Information/ Experiences from individuals shared into pairs</p> <p>Duration</p>  <p>10'</p>

Phase 4: Roundtable

Objective/s	Methodology	Outcome/s
<p>To share ideas from pairs within the sub-group</p>	<p>Each pair explains their outcomes to the other sub-group members</p> 	<p>Outcomes from the “Think-pair sharing” presented to the sub-group</p> <p>Duration</p>  <p>10'</p>

Phase 5: Ranking

Objective/s	Methodology	Outcome/s
To prioritise each pair contributions	<p>Under the supervision of the facilitators, participants rank the contributions of the pairs to prioritise them. The facilitators support the subgroup for achieving consensus in this phase.</p> 	<p>Each pair contributions classified</p> <p>Duration</p>  <p>10'</p>

Phase 6: Wrap-up

Objective/s	Methodology	Outcome/s
To identify the top ranked outcomes recorded	<p>The facilitators collect in a PowerPoint template the top ranked experiences recorded and suggestions about the scalability of them to other countries.</p> 	<p>The top ranked experiences and suggestions for scalability collected in a ppt file</p> <p>Duration</p>  <p>10'</p>

Phase 7: Plenary discussion

Objective/s	Methodology	Outcome/s
<ul style="list-style-type: none">- To present the outcomes of the sub-group activity to the large audience- To discuss about the presented outcomes within the large group of participants- To agree conclusions of common interest as final outcomes of this interaction	<p>A rapporteur selected within each sub-group presents the sub-group activity outcomes in plenary session. Further comments, opinions, examples and possible solutions will come out also in this conclusive phase managed by the session chairperson within the large group of participants.</p>  <p>The illustration shows a person in a suit standing at the front, pointing towards a group of people. A speech bubble is above the presenter, and several speech bubbles are above the audience members, indicating an interactive session.</p>	<p>Consensus achieved on the most common and relevant lessons learnt by the countries in the view to scale them in other contexts</p> <h2 data-bbox="1323 649 1812 749">Duration</h2>  <p data-bbox="1503 1149 1638 1249">1 h</p>
